LAUNCH YOUR PROFITS™ THIS FALL WITH HALLOWEEN AND DIWALI

This fall, Halloween and Diwali offer Canadian retailers two exciting opportunities to generate incremental sales, attract new customers, and keep fireworks moving well beyond the traditional summer season.

HALLOWEEN — MORE THAN TRICK-OR-TREATING

Halloween is rapidly becoming more than a night of costumes and candy. Families and friends are investing more in decorations, parties, entertainment, and memorable experiences—and fireworks are a natural way to make Halloween night even more spectacular.

From spooky effects to big aerial finales, Halloween fireworks give your customers another reason to visit your store and another opportunity to add to their purchase.

As usual, Halloween will be celebrated on October 31st.

DIWALI — THE FESTIVAL OF LIGHTS

Celebrated by millions of people around the world, Diwali is becoming an increasingly prominent celebration across Canadian communities. Known as the *Festival of Lights*, Diwali celebrates the victory of light over darkness and is traditionally marked by family gatherings, social celebrations, sweets—and, of course, fireworks!

For Canadian retailers, Diwali represents an opportunity to connect with a growing customer base and offer products specifically suited to their celebrations.

This year, Diwali will be celebrated on November 8th.

Regardless of how you choose to celebrate this fall, we're pleased to offer you a no-risk "Guaranteed Sale" discount of 50% on your next fireworks order. PLUS... shipping to your retail location is FREE, and we offer Net 30 payment terms on all orders.

As usual, Team BLAST-OFF will keep in touch to prepare for the upcoming fall fireworks season. Should you have any questions prior to our next conversation, feel free to contact "Mission Control" at any time.

Let's "Launch Your Profits" with fireworks this Fall!
