Alternate option for Till Sneeze Guard

- STM Display has come up with an inexpensive option that hangs. It is 28" high by 40" wide (comes with hanging hardware, packed in a tube for \$10)

Sign Duct Tape

- Some stores are making use of simple duct tape to indicate areas where there should be a limited number of people within to meet social distancing protocols

KFC and other stores use just tapped lines to indicate where customers should stand waiting in line, but they need to be 6feet apart unlike what is shown in the image above.

Thank you for your ongoing commitment, stay safe.
